

Pools

ONIX[®]

How far does your imagination go?

**Onix Glass Mosaic
a touch of style for unique pools.**

With ONIX you can choose, combine and create to your likings.

Since 1999, we have been designing mosaic as a fundamental element for interior decoration. Our products allow us to design according to our creativity, to reflect our customers' tastes with originality and boundless color, and to create beautiful atmospheres.

Glass Mosaic is in the vanguard of the most innovative, refined and exclusive atmospheres, and its field of application in homes and living spaces gets wider and wider every day.

For ONIX, mosaic is more than just a product. It is a tribute to the senses that lead us to enjoy the pleasure of what is beautiful, what is practical and what is individual style.

Among our decoration solutions, ONIX Aqua Style Glass Mosaic reflects the deep connection between man and water. Swimming pools, spas and baths, personal and enveloping spaces going from the most accessible to the most exquisite ones.

Glass mosaic has played a very important role in man history. Decoration and design with glass mosaic in ancient Rome or Greece, for example, are the perfect reminders of times in which story would sometimes be written in spas or baths superbly decorated with glass mosaic masterpieces.

And just like history should always be preserved, class and style should never be left aside.

ONIX AquaStyle: A touch of style for unique pools

Today, ONIX AquaStyle offers you the possibility to have one-of-a-kind glass mosaic design for your pool, reflecting not only your way of life, but also your unique personality and style. ONIX AquaStyle is not just an excellent product; it is a Design concept with the widest range of high-grade materials, offering endless opportunities for universal design where the only limit will be your imagination.

Unlike anything you have seen before, ONIX AquaStyle offers a lot more than solid field colors in an endless palette of tones. Talking about ONIX AquaStyle, is talking about ultimate design, endless possibilities for borderlines and waterlines, unique iridescent and metallic style, full impermeability and minimum cost maintenance. ONIX AquaStyle offers smaller size of tiles that

will ensure covering every single curved dimension and special shape in your design pool. With long-lasting colors that are weather and chemical resistant, ONIX AquaStyle is the solution for an ever-lasting pool of unique class, elegance and beauty.

Beyond its quality and exceptional technical possibilities, ONIX AquaStyle provides unbeatable water surface resistance and treatment:

Our AquaStyle Glass Mosaics are Green/Eco friendly product, made of 98% pre-consumer recycled glass. SCS certification.

The technical features of ONIX AquaStyle Glass mosaics offer substantial benefits comparing to other surface treatments:

- ✓ Non-porous surface. 0% water absorption
- ✓ Easy maintenance, since our mosaics are impervious, will not stain or take any moisture, unlike ceramic tiles.
- ✓ Chemical resistant.
- ✓ Glass mosaics are a durable and long lasting material. No need of plastering or painting the pool every 4 or 5 years,

ONIX AquaStyle also provides users with some remarkable health benefits, among which:

- ✓ The rounded edge finish and the smooth surface of ONIX AquaStyle Glass Mosaics are skin friendly and safe for bare foot areas.
- ✓ Glass Mosaic does not support the growth of mildew, mold or bacteria.
- ✓ Anti-slip
- ✓ Hygienic and non allergenic

The design possibilities of ONIX Glass Mosaics are unsurpassed by any other materials:

- Wide choice of colors and blends.
- Custom blends and special designs available.
- Different finishes, such as metallic, iridescent or translucent effects.
- Non-slip finishes.

- Due to the small size of the glass mosaics, they are perfect to tile curved areas.

Rules do not apply for design and style. Whether you seek for a classical, serene, minimalist atmosphere, or for a highly topical and modern design, ONIX AquaStyle is what you need. You will be able to choose from materials, colors and shapes that will enable you to recreate a deep blue sea with tropical fishes, or a white sand beach full of colorful conchs. If you want a state of the art pool, ONIX AquaStyle is what you need.

ONIX AquaStyle Glass Mosaic is highly durable, non-porous and water and chemical resistant. The easiest and most suitable product for designing an extraordinary pool with unique class, personality and style. Do not hesitate to contact our expert Distributors or our Project Department at ONIX. Just call us and bring your design, your wish, and your dream. ONIX AquaStyle will make it come true!

At ONIX, we have always committed to ensure our customer's utmost satisfaction by providing them with the market ultimate design, color and style.

With ONIX AquaStyle we have taken a step forward to achieve perfection.
